Invitation to Sponsor

KAYA WANDJOO! / HELLO AND WELCOME

As Chair of the Western Australian Chapter and CEO of the Australasian College of Road Safety (ACRS), we are delighted to welcome you to the 10th Annual Australasian Road Safety Conference, to be held at the Pan Pacific Hotel in Boorloo / Perth from 20 - 23 October 2025.

The Australasian Road Safety Conference is a unique opportunity bringing together road safety decision makers, experts, and leaders from around the globe. This is the biggest road safety conference in the southern hemisphere, with more than 600 in-person delegates from more than 20 countries. This year is an important year for the conference marking the 10th annual event. As evidence of the ever growing popularity, this year the conference boasts a 4-day program.

This year's conference theme is **Equity, Elasticity and Evolution**, asking delegates to recognise and embrace the inherent value of each person or road user, address the system's adaptability and resilience to human error, and explore the development and implementation of safe systems, including past approaches, and future challenges.

Sponsorship of this event offers a strategic opportunity to demonstrate your organisation's commitment to eliminating death and serious injury on our roads. By sponsoring this event you have the opportunity to network and connect by participating in the collaborative discussions, exchanging of ideas and sharing of experience, opinions and perspectives of the road safety community and its leaders.

All opportunities for sponsors and exhibitors listed in the prospectus cover the inclusion of your information in the conference app. We are committed to working with you to align your sponsorship and exhibition packages to the strategic objectives of your organisation and ensure you are satisfied with your involvement and return on investment.

Corporate members of the Australasian College of Road Safety can benefit from an early bird sponsorship discount of 10% off listed prices, but get in early as this offer expires on 30 April. We look forward to discussing these partnership opportunities to promote your products and services.

ABOUT THE AUSTRALASIAN ROAD SAFETY CONFERENCE (ARSC)

The ARSC is the region's biggest road safety conference providing an opportunity to engage, challenge, exchange ideas and discuss key issues. The ARSC was born in 2015, bringing together road safety stakeholders and decision-makers from Australasia and international jurisdictions to facilitate collaboration and information sharing. The conference is a partnership between the Australasian College of Road Safety (ACRS), the region's peak membership association for road safety professionals, advocates, and members of the public focused on saving lives and serious injuries on our roads and Austroads, a collective of Australian and New Zealand transport agencies, representing all levels of government. Austroads members are collectively responsible for the management of over 900,000 kilometres of roads valued at more than \$250 billion.

Now you can partner with them to help drive change and transform perspectives through the presentation of new ideas and initiatives to reduce road trauma.

Sponsorship & Exhibition

WHY SPONSOR OR EXHIBIT?

Reducing road trauma in Australasia is a priority for the Second Global Decade of Action on Road Safety and it is in the interests of both the economy and social wellbeing of Australia, New Zealand and the rest of the world. ARSC 2025 will play an important role in contributing to this target reduction from the many facets of interaction at the Conference.

Sponsoring or exhibiting at the conference will provide an excellent opportunity to promote your organisation and its role in reducing road trauma, support your brand(s) and to maintain a high profile within the industry before, during and after the event. It is an opportunity to showcase your leadership in the field.

An extensive promotional campaign is implemented in the lead up to the conference and the opportunity exists for your company to be represented as a key supporter, strategically placed before your market. We welcome the opportunity to discuss your individual requirements.

WHO WILL BE THERE?

ARSC 2025 is expected to attract over 600 delegates from across the world in a truly global event including senior advisors, policy-makers, researchers, practitioners, law enforcement officers, senior managers, community leaders, and students working in the wide range of portfolios and industries who impact on improving road safety outcomes. This includes infrastructure construction and maintenance; behavioural science; education and training; emergency services; engineering and new technology; health and rehabilitation; police, justice and law enforcement; local, state and federal governments; communications; traffic management; and vehicle safety industries.

We anticipate the following delegate profile (data based on attendees in 2024):
