Invitation to Sponsor

HELLO AND WELCOME

As Chair of the New South Wales Chapter and CEO of the Australasian College of Road Safety, we invite you to join us for the 11th Annual Australasian Road Safety Conference, held at the Hyatt Regency in Sydney from 26 - 29 October 2026.

This is the biggest annual road safety conference in the world, with delegates from more than 20 countries. Smaller host cities attract over 600 attendees, but this is the first time since 2018 the event is in Sydney - Australia's front door - so we anticipate a record-breaking year.

The 2026 Australasian Road Safety Conference is the premiere event to explore innovative research and technology, and best practice and strategy to reduce road trauma.

The theme of this year's conference is *From Evidence to Action: Shaping a Brighter Future*. We will look at what the evidence is telling us and the challenges threatening road safety.

Importantly, conference will explore how we engage with key groups such as medical professionals and first responders, some of whom may be attending their first conference.

The exhibition area is the engine room of conference, where networking takes place and annual friendships are renewed. The plenary and concurrent sessions are where the best of the best present. The exchange of ideas continues at social functions. Your sponsorship and exhibitions enable sharing of research and knowledge which cannot take place anywhere else.

All opportunities for sponsors and exhibitors listed in the prospectus cover the inclusion of your information in the conference app. We are committed to collaborating with you to align your sponsorship and exhibition packages to the strategic objectives of your organisation and ensure you are satisfied with your involvement and return on investment.

Corporate members of the Australasian College of Road Safety can benefit from an early bird sponsorship discount of 10% off listed prices but get in early as this offer expires on 30 April 2026. We look forward to discussing these partnership opportunities to promote your products and services.

Mick Timms
(Host Committee Chair)

Ingrid Johnston
(Australasian College of Road Safety CEO)

CONFERENCE THEME

From Evidence to Action: Shaping a Brighter Future

We are at risk of missing the 2030 targets for death and serious injuries. Impactful collaboration is critical to developing optimal and innovative solutions, and a brighter future.

At the 2026 Australasian Road Safety Conference in Sydney, we will consider:

- The evidence and the action:
 - What is the evidence telling us?
 - How are we transforming evidence into action?
 - What are our key messages? How do we create a sense of urgency in the community?
 - How do we educate and persuade leaders, influencers, and the community?
 - How do we engage key groups (e.g. medical professionals and first responders)?
- The future:
 - What challenges threaten road safety?
 - How do we combat these threats?
 - What must we do differently?

Abstracts which demonstrate evidence of collaboration are encouraged.

As well as established presenters, we call on newcomers, such as medical responders and the broader triple-zero community, to participate in conference.

The focus on education, persuasion, messaging and influencers is aimed at road safety communications including the field of social media.

Sponsorship & Exhibition

WHY SPONSOR OR EXHIBIT?

Reducing road trauma is a priority for the Second Global Decade of Action on Road Safety and it is in the interests of both the economy and social wellbeing of Australia, New Zealand and the rest of the world. 2026 ARSC will play an important role in contributing to this target reduction from the many facets of interaction at the Conference.

Sponsoring or exhibiting at the conference will provide an excellent opportunity to promote your organisation and its role in reducing road trauma, support your brand(s) and to maintain a high profile within the industry before, during and after the event. It is an opportunity to showcase your leadership in the field.

An extensive promotional campaign is implemented in the lead up to the conference and the opportunity exists for your company to be represented as a key supporter, strategically placed before your market. We welcome the opportunity to discuss your individual requirements.

WHO WILL BE THERE?

2026 ARSC is expected to attract over 800 delegates from across the world in a truly global event including senior advisors, policy-makers, researchers, practitioners, law enforcement officers, senior managers, community leaders, and students working in the wide range of portfolios and industries who impact on improving road safety outcomes. This includes infrastructure construction and maintenance; behavioural science; education and training; emergency services; engineering and new technology; health and rehabilitation; police, justice and law enforcement; local, state and federal governments; communications; traffic management; and vehicle safety industries.

We anticipate the following delegate profile (data based on attendees in 2025):
