

## **Online Extended Abstract Reviewer Instructions**

ARSC2020 is managing online Extended Abstract reviews via our Editorial Manager website:

### http://www.editorialmanager.com/jacrs

As a potential Reviewer you have been invited to review an Extended Abstract for the Australasian Road Safety Conference (ARSC2020) to be held in Melbourne.

We know your time is valuable, and we thank you for your participation. Your expertise will assist the Scientific Program Committee and Organising Committee in developing a high quality program of presentations and Symposia showcasing the wide variety of road safety work being undertaken in Australasia and abroad. To review an Extended Abstract will only require around 10-15 minutes of your time.

The aim is to have a program with a good mix of high quality research and practitioner papers from all areas of road safety that can contribute to the conference theme of **Expanding our horizons**.

Authors were encouraged to highlight the elements of the conference theme their work addresses in their Extended Abstract. A major objective of the conference is to bring together current knowledge about what works and what doesn't in road safety, and how we can harness existing knowledge to achieve road safety targets in an efficient and effective manner.

The ARSC2020 Conference Scientific Program Committee would be grateful if you could spare a moment to review the Extended Abstract submitted for possible oral presentation and conference proceedings paper submission. We estimate the time spent reviewing an Extended Abstract would be roughly 10 to 15 minutes at most.

If possible, we would appreciate receiving your review by the due date provided in the invitation. You may submit your comments online (via <a href="http://www.editorialmanager.com/jacrs">http://www.editorialmanager.com/jacrs</a>) when you agree to review the manuscript. There you will find a report form with a series of questions to be completed and spaces for confidential comments to the editor, comments for the author (if you think it is necessary).

If you have any questions or concerns, please email <u>arscsubs@acrs.org.au</u> or call ph: +61 411 234 057.

On behalf of the ARSC2020 Conference Committee, the Chairs of the ARSC2020 Scientific Program Committee and Em. Prof. Raphael Grzebieta, we thank you for providing your assistance.

# **1.** Receiving the invitation to review the Extended Abstract

You will receive an email similar to the following example email (note confidential information covered by a blue rectangle):

### Finally a very, very BIG thank you!

Thank you for your participation as an Abstract Reviewer on the Editorial Manager software for ARSC2020. Without your assistance we could not make this conference a success. We are truly grateful for you giving up your valuable time to help reduce road trauma. Remember, you can email us or call us any time on the contact numbers on page for assistance if you need us.
