PREPARING YOUR POSTER

Presentation Tips (for 3-minute presentations only)

- You may use powerpoint slides
- Use landscape orientation (standard or 16:9 ratio)

Recommendations:

- Maximum of 3 slides only
- Use images from your poster so attendees know what to look for at the poster display
- Practice with a timer
- Speak slowly and clearly
- Focus on the highlights
 - You don't need to cover every detail
 - Interested attendees can follow up with you after your presentation.
